REPL: SCALE-IN AUTHORIZED		

THE READING

Hexagram 42 — INCREASE

Wind above Thunder. They strengthen each other.

The Oracle speaks with unusual force here.

Hexagram 42 is one of the most favorable in the entire canon. The strong line descends from above to serve those below. This is the definition of the Mandate of Heaven.

"To rule truly is to serve."

The I Ching identifies this as the fundamental idea on which the entire Book of Changes rests.

Sushil Patel embodies this principle. The CEO who sacrifices ego for mission produces increase for the whole.

The Three Moving Lines

LINE 1 — Nine at the Beginning

"It furthers one to accomplish great deeds. Supreme good fortune. No blame."

Great help has come to Patel from on high.
This increased strength must be used
to achieve something great.

The Oracle is describing REPL's oncology mission —
not merely a company, but a great deed
in service of human life.

Supreme good fortune. No blame.
The Foundation is righteous.

LINE 4 — Six in the Fourth Place

"Walk in the middle and report to the prince. He will follow."

Patel is the mediator between science and market.
Between the laboratory and the investor.

He walks the middle path.
He does not hoard the benefit.
He spreads increase to those below.

This line names him a man of decisive undertakings
requiring the inner assent of all concerned.

Clinical trials. FDA alignment. Investor trust.
All three require this quality.
The Oracle confirms he has it.

LINE 6 — Nine at the Top ⚠

"He brings increase to no one. Someone even strikes him. Misfortune."

WARNING — This line is the Oracle's caution.

Line 6 is NOT about Patel failing his mission.
It is a warning about the TIME.

Confucius says:

"The superior man sets his person at rest
before he moves."

The time of INCREASE does not endure.
It must be utilized — but with composure.

REPL at +353% is already in abundance territory.
The Oracle warns: do not be brusque.
Do not rush the position.
Scale in slowly. Set the person at rest first.

The Moving Hexagram — 45 GATHERING TOGETHER

REPL's destination is Hexagram 45.

GATHERING TOGETHER — Lake over Earth.

"The leader must first be collected within himself.
Only then can he gather others."

This describes REPL's next phase:

- Clinical data gathering
- Institutional investor accumulation
- Market recognition building

The lake fills. The gathering grows.

But the Image also warns:

"When water rises above the earth,
there is danger of a break-through.
The superior man renews his weapons
to meet the unforeseen."

At +353%, REPL is high water.
The harvest tools must be ready.
